What is a Social Security Number (SSN)?

- If you have income from a U.S. source, you will need a SSN. It is an identification number for tax reporting purposes. The SSN can also be used as a reference number to check an individual's credit history.
- Once you are assigned a SSN, the number is your identification number in the U.S. as long as you are in the U.S. Even if you leave the U.S. and return later, you will continue to have the same SSN. Since your SSN does not change, your credit history also remains with you. It is very important to protect your SSN and keep this information private.
- Not every student needs a social security number (SSN). You can only apply for a SSN after you get a job.

How do I apply for an SSN?

**Step 1.** Submit on-campus job offer letter, assistantship, or off-campus employment letter to the front desk at the Office of International Services (Des Peres, Rm. 102).

**Step 2.** Pick up (2) letters from the Office of International Services: your employment letter and a letter signed by a representative in International Services.

**Step 3.** Take the following documents to one of the Social Security Administration offices:

- The letter from the Office of International Services
- The job offer letter from your employer (see reverse for required format)
- Your passport, I-94 information, and I-20
- Copies of your passport, F-1/J-1 visa, I-94 information, and I-20 (Pages 1 & 3)
- Your SLU ID card
- A completed Form SS-5
